

SOCIAL JUSTICE TRAINING PROGRAM AUGUST 1-29, 2024

How does theater promote healing? How can I become a more inclusive, responsive artist? Why perform Shakespeare - or any art - in prisons?

Answer these questions and take a deep dive into yourself in our month-long intensive. With weekly workshops with Returned Artist and Shakespeare for Social Justice leaders, visits to San Quentin, and opportunities for deep play and discovery, participants will develop a new understanding of social justice and theater.
